1. First priority for purchasing a left-over permit will be given to those applicants who submitted an application(s) that was processed and entered into the hunt draw but did not draw a hunt permit.

2. A left-over permit draw will be held on July 06, 2019.

3. At 8:00 a.m., numbered tickets will be provided to each person and each person will be required to write their full name on the ticket and drop the ticket into a ticket bin.

4. If a person who did not draw any permit cannot be present at this sale, they can send someone to represent them in the sale.

5. After 10 AM, no more tickets will be distributed until all the issued tickets are drawn.

6. Each person is limited to submitting two (2) applications per ticket drawn.

7. Only the person whose name appears on the ticket is authorized to purchase left-over permits.

8. Once a ticket is drawn, the individual whose name appears on the ticket must immediately enter the premises and purchase their permits. Failure to do this will result in that ticket being disqualified and another ticket will be drawn.

9. As each drawn person completes their purchase, another ticket will be drawn and this process will continue until all permits are sold or until each person with a ticket is given the opportunity to purchase left-over permits.

10. In the event there are still left-over permits available after all tickets have been drawn, the remaining tickets will be sold at a second leftover permit sale open to the general public on July 06, 2019, beginning at 1:00 p.m..

11. A credit/debit card, money order or cashiers check, for the full permit cost (application fee and permit fee), must accompany each application or an applicant will have the opportunity to apply their previously submitted permit fee credit towards the purchase of a leftover permit. The credit amount available will reflect the permit cost minus the application fee of $15; therefore, another application fee of $15 will have to be paid if an applicant is using his/her credit to purchase a leftover permit.

12. Cash or personal checks will not be accepted.

13. Incomplete applications will not be accepted. Supporting documentation (i.e. Spouse, Veteran, Senior Citizen, etc.) will not be required for the morning leftover permit sale. However, supporting documentation (i.e. Spouse, Veteran, Senior Citizen, etc.) will be required for the afternoon leftover permit sale. Failure to have required fees will result in the application being rejected.
