The Department of Fish and Wildlife will be hosting the 2014 Wildlife Summit at Twin Arrows Resort and Casino from August 05 through August 06, 2014. The conference was planned and organized by Department personnel and its intended audience is Chapter officials, grazing officials, land and farm board members and community members. The goal of the conference is to inform and educate community leaders on the need for wildlife management initiatives and to promote wildlife conservation at the chapter levels. Additionally, information regarding compliance requirements for proposed development, including homesite leases, will be provided at the Conference.

Attached is a flyer providing the details of the Wildlife Summit and a summary of the Conference agenda. Your approval is requested on behalf of all Divisions, Departments, Navajo Nation employees, Chapter Officials and Council Delegates that will be attending. If you have any questions or need additional information, please contact me at (928) 871-6450 or 6451.
